STATINTL

FROM : Chief, Review and Analysis Branch, PS/OL

SUBJECT: Payment of Travel and Transportation Expense to
Employees Retiring Under the CIA Retirement Act

1. Your paragraphs on this subject represent substantially, I believe, our conclusions on this matter. ✓
2. Several minor points. Under "Comment" - I suggest deletion of 2nd and 3rd sentences in the first paragraph since they do not appear to add to the sense of the paragraph. In the second paragraph, second sentence - I believe the comma is not required. ✓
3. There is still an advantage available to the employee who retires from overseas, viz., travel and transportation to where he will reside anywhere in the world. The employee who retires under CIAR, while assigned to duty in the US, is limited under the Committee proposal to travel and transportation to a location in the US. As a matter of equity, I believe the benefit should be identical. *boxed or rewrite*
